ALL PEOPLES
COMMUNITY CENTER
Dear Supporters,

2019 has proved to be an exciting year for All Peoples Community Center. We have accomplished many of the upgrades to the facility. The generous support of foundations and volunteer efforts from community members and corporate volunteers has enhanced our youth programs with the gym, new computer lab, and playground upgrade. We are on the path to fulfilling our objective to become more energy efficient with the installment of LED lighting and partial replacement of the HVAC system. These efforts were guided by our goals within the strategic plan adopted by our Board of Directors in 2015.

We will continue to pursue these goals in 2020.

Our FamilySource Center continues to respond to our residents’ emerging needs with financial literacy workshops, free tax preparation services, and other activities to help families increase their income. In the 2018-2019 period we exceeded our goal of $500,000 generating a $1,239,992 increase in income. In our partnership with the Coalition for Responsible Community Development (CRCD), we provided a series of small business entrepreneurial classes for community members.

Our young people always inspire me, and this year is no different. The youth who graduated and were the first in their families to attend college are our community’s role models. In this report, you will hear in their own words the impact of achieving their goal. The Geraldine Morgan Scholarship fund’s establishment to support 4 young people was one of the highlights of our annual Gala. From personal experience, I know what a sense of pride you feel when you are the first to complete a college education.

I appreciate the support of our Board of Directors, who provide our organization’s oversight and governance. Our fiscal health has steadily increased over the past five years. We continue to maintain appropriate management to program ratio of 17% Administrative expenses. Our audit and 990 are available to the public for review on Guidestar and our web site.

Finally, I want to thank our donors who entrusted us with your precious resources over the years, which has enabled us to serve the community better. Our success is possible because of your generosity, and on behalf of the Board of Directors, our staff, and most importantly the community members, THANK YOU.

Sincerely,
Saundra Bryant
**MISSION STATEMENT**

All Peoples Community Center is an all-encompassing neighborhood center whose mission is to provide social services and programs that empower individuals and promote community, respect and self-determination for all.

---

**OUR HISTORY**

Founded in 1942, All Peoples has served as a true safe haven for low-income children, youth, and families in South LA for 78 years.

All Peoples serves more than 6,000 people per year in its 20,000-square-foot center located in South LA’s Vernon-Central neighborhood, immediately south of downtown LA.

Started prior to the Civil Rights Movement of the 1950s-60s, All Peoples Community Center was a revolutionary concept as described in the organization’s 2008 Strategic Plan: “All Peoples is a non-profit, non-sectarian community center located in the very spot where it was originally founded in 1942 – in South Los Angeles. All Peoples has made incredible strides since it was first envisioned... as a place in the inner-city where people from all ethnicities, races, and religions could unite under one roof to share a vision for a stronger, more self-reliant community and to help turn the dreams of struggling local youth & adults into reality. At a time when de facto and de jure segregation were still an everyday reality in Los Angeles, the establishment of All Peoples, a multi-ethnic and multi-racial community center, was not just path-breaking, it was revolutionary.”

In 2016, All Peoples became a city-funded FamilySource Center which doubled our annual revenue and fueled programmatic growth. Today, All Peoples is a vibrant hub of activity for children, youth, and families six days a week, year-round.
OUR TEAM

A STAFF THAT LIVES AND BREATHES THE COMMUNITY THEY SERVE

It is because of your generous donation that we are able to serve many families who have limited resources to help themselves. All Peoples would not be able to bring these critical services to address poverty in the community without your help. Thank you to all of the foundations, corporations and individuals that support our work. Your generous donations enable us to continue serving the South Los Angeles Vernon-Central Community with Real Solutions, Real Heart, and Real Service.
GERALDINE "GERRI" MORGAN

Geraldine “Gerri” Morgan, former secretary and RSVP advisory council, grew up in South LA and has been a member of All Peoples for more than seventy years. Gerri started what became known as the country store, where she would bake cookies and sell secondhand items. All the funds collected would go to support Camp Joe Ide.

In April 2019, All Peoples created the Geraldine Morgan Scholarship Fund in honor of her 99th Birthday. The Geraldine Morgan Scholarship Fund was established in honor of her commitment to our youth and a befitting birthday gift for 99 years of a truly remarkable life, generous and beautiful spirit. The fund will assist young people in College Corner and “Tomorrow’s Leaders” programs.

L.A. HOST LIONS CLUB/LARK ELLEN FOUNDATION

In 1956, Pico Robinson Lions Club President Bob Brunner gave his first donation of a tricycle, two wagons and a Christmas tree for the children at All Peoples. While the Pico Robertson Lions Club no longer exists, beginning in 1987 All Peoples was adopted by the L.A. Host Lions Club, and they have continued to support our youth annually through the Lark Ellen Foundation. The L.A. Host Lions Club also provides vision screenings at our Annual All Peoples Health Fair.
On behalf of the Board of Directors, I want to thank you for your deeply appreciated support of All Peoples Community Center. While this annual report is for 2019, I want to take this opportunity and use this space to highlight our important accomplishments since March 2020. It has, of course, been a very challenging year, but I am pleased to report that All Peoples has stepped up and delivered. As we always have throughout a proud history of service, through many difficult times, starting in 1942 when we helped heal a neighborhood torn by the internment of its citizens and continuing through the COVID-19 pandemic today, with the steady hand and opportunity we provide for our resilient community.

We are grateful to all of you for sustaining this special organization with its extraordinary narrative, spanning several generations and neighborhood transformations from Japanese-American to African-American to Latino. Thanks to you, All Peoples anchors an important corner of this great city, serving everyone who walks through the door.

Respectfully,
Seth Walworth
Board Chair

On behalf of the Board of Directors, I want you for your deeply appreciated support of All Peoples Community Center. While this annual report is for 2019, I want to take this opportunity and use this space to highlight our important accomplishments since March 2020. It has, of course, been a very challenging year, but I am pleased to report that All Peoples has stepped up and delivered. As we always have throughout a proud history of service, through many difficult times, starting in 1942 when we helped heal a neighborhood torn by the internment of its citizens and continuing through the COVID-19 pandemic today, with the steady hand and opportunity we provide for our resilient community.

All Peoples has always delivered a wide range of critical services to our hard-working neighbors. Still, this year we were officially and very appropriately deemed essential, tasked since March by the City of Los Angeles, to remain open and provide essential COVID-19 services. This put our resourceful, courageous, efficient staff of 35 squarely on the frontlines – all hands on deck – to adapt, figure things out, and make stuff happen.

They did all this and more, led by Saundra Bryant, our remarkable and gifted Executive Director, in her 37th year of tireless service to the community where she was born and to the institution where she spent much of her childhood. Saundra and the team turned on a dime, creating a safe environment at our E. 20th Street location and provided food, cash cards, protective goods, and advisory services to thousands struggling with job loss, rent payments, and extreme anxiety.

Thanks to you - our generous funders, partners, and volunteers - All Peoples will get through this. The COVID-19 pandemic may have changed things in so many ways, but the silver lining for All Peoples is that it has made us work smarter, leaner, and better than ever, always focused on our core mission of making the American Dream possible for a deserving and underserved community.

- SAUNDRA BRYANT, EXECUTIVE DIRECTOR

And still, as one of the first community centers in Los Angeles, All Peoples continues to provide programs and social services to people of all ages and race in its community.
