A MESSAGE FROM OUR EXECUTIVE DIRECTOR

Sandra Bryant
Executive Director

Dear Friends,

On behalf of the Board of Directors, staff, and, volunteers, I am happy to share our 2018 – 2019 annual report. The past two years have presented us with both challenges and opportunities. The report will highlight how we took advantage of the opportunities in delivering services.

2018 was an exciting year as our plans for development in 2017 were realized towards the end of the year. I am grateful for the donation of time by a friend of All Peoples and strong supporter Kirsten Grimm. Her commitment

to our vision and mission in the community enabled us to secure the additional resources that serve to strengthen our infrastructure and improve the quality of programs.

In late November and December of 2018, we received grants from several foundations to support our work operationally and programmatically. Kirsten is one of the many volunteers whom All Peoples is indebted to for her service.

With additional resources, I hope that we will now have the time to adequately plan for the future. Tomorrow is not promised, but we know that the seeds that were planted by our founder Dan Genung in 1942, have flourished and grown to establish what is considered a hub and safe haven in this South LA Community. None of our achievements have been accomplished in a vacuum. We thrive because of the partnerships established with community-based agencies, public and private institutions, and our supporters.

I hope that the information in these next pages will awaken your spirit to the critical needs that are being addressed in our community. We are governed by an involved and committed Board. Our staff is dedicated to the children, youth and adults who enter our doors seeking assistance. More importantly, we are accountable to the community.

The values which are the cornerstone of All Peoples remain the same: **Acceptance, Empowerment, Equality, Unity, Respect, Self –Determination, Community-Centered Mission, Effectiveness, Leadership, and Collaboration.** The values are more than mere words for they become the culture that I strive to foster among our staff. The successfulness will be determined by how we are viewed and trusted by the community we serve. It is my goal to ensure that we continue to embrace the values of our history in all that we do to be a place for **All People.**

THE SUCCESSFULNESS [OF THE CENTER] WILL
BE DETERMINED BY HOW WE ARE VIEWED AND
TRUSTED BY THE COMMUNITY WE SERVE.

OUR MISSION

THE COMMUNITY WE SERVE

OVER 40% OF SOUTH LA RESIDENTS LIVE WELL BELOW THE FEDERAL POVERTY LEVEL

Started prior to the Civil Rights Movement of the 1950s-60s, All Peoples Community Center was a revolutionary concept as described in the organization's 2008 Strategic Plan:

"All Peoples is a non-profit, non-sectarian community center located in the very spot where it was originally founded in 1942 – in South Los Angeles. All Peoples has made incredible strides since it was first envisioned... as a place in the inner-city where people from all ethnicities, races, and religions could unite under one roof to share a vision for a stronger, more self-reliant community and to help turn the dreams of struggling local youth & adults into reality. At a time when de facto and de jure segregation were still an everyday reality in Los Angeles, the establishment of All Peoples, a multi-ethnic and multi-racial community center, was not just path-breaking, it was revolutionary."

In the All Peoples service area (primarily zip code 90011, South LA's Vernon-Central neighborhood) the median family income is \$28,405 & 42.2% of families have income below the federal poverty

level. The unemployment rate for residents age 16 & older is 9.8%. This implies that residents of the All Peoples service area are working, but in low-wage, poverty-level jobs. 100% of students attending schools in the surrounding area are eligible for free and reduced-cost lunches.

In 90011, the majority of residents (89.9%) identify as Latino (primarily Mexican), with Black being the next largest group at 8.3%. True to the neighborhood demographics, All Peoples is open to all residents and primarily serves low-income Latino families. According to internal data, 84% of individuals served by All Peoples are Latino & 100% are low-income.

South LA remains among the most disadvantaged & under-served communities in the nation. All Peoples provides a coordinated effort -all under one roof- to increase the financial stability of families, assist in youth academic achievement, & promote healthy lifestyles through sports & exercise, along with nutritious eating through our community garden across the street.

PROVIDING SOCIAL AND EDUCATIONAL SERVICES TO 6000+ PEOPLE ANNUALLY

FINANCIAL OVE

ALL PEOPLES HAS BEEN GROWING AND EXPANDING AT A RAPID PAGE

All Peoples is grateful for our corporate sponsors, foundations and individual donors who enable us to provide services to our South Los Angeles Community. With your help, we are able to provide a myriad of social and educational services to more than 6,600 people per year.

All Peoples has been growing and expanding at a rapid pace, and we want to emphasize our shared mission to protect the long-term health of this remarkable institution we are so privileged to serve. All Peoples Board of Directors oversees the fiscal health of the organization. The Finance Committee reports to the Board of Directors at every bi-monthly Board meeting, and a complete report of the agency's finances (including its endowment and trust funds) are sent annually to all officers of the Board to be made available to all Board members. An external audit is also completed annually.

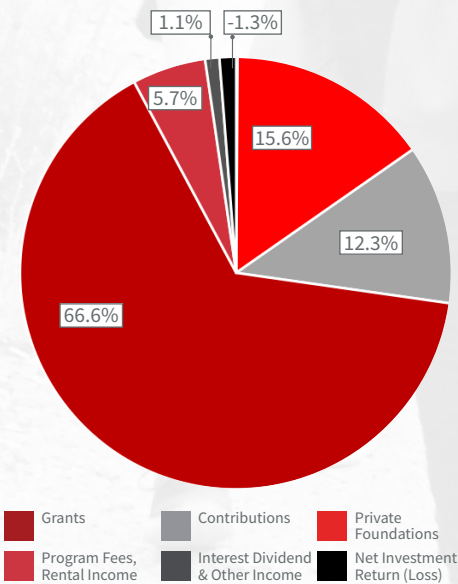

All Peoples is proud to announce the brand new, "Fiscal Responsibility" addition to the All Peoples website. This is another step to ensure the long-term health of our organization. Corporate sponsors, foundations and individual donors will now be able to review our audited financial statements and 990 tax forms at:

WWW.ALLPEOPLESCC.ORG/ABOUT-US/FISCAL-RESPONSIBILITY

Thank you for entrusting us to proudly serve our South Los Angeles Community with **Real Solutions, Real Heart and Real Service. It's an honor.**

COMMUNITY FARM

Keeping our community healthy!

Community members, donors, volunteers and staff came together to start building a new Community Farm across the street from All Peoples in an empty lot donated by Meta Housing Corp.

Throughout 2018, All Peoples in partnership with American Friends Service Committee's (AFSC) Roots for Peace worked on the Community Garden. The site started as an empty parking lot. Gravel was removed and replaced with soil, raised beds were constructed, the site was mulched, and the raised beds were soiled. Several fundraisers were also held throughout the year for each building phase.

American Friends Service Committee's Roots for Peace and All Peoples Community Center would like to acknowledge and thank Meta Housing Corporation for their partnership in the successful conversion of the vacant lot into an urban agricultural space. We would also like to thank Councilmember Curren D. Price Jr., Supervisor Mark Ridley-Thomas and Assemblymember Reginald Jones-Sawyer for their presence at the Ribbon cutting on May 18, 2019.

SMALL BUSINESS

The 5-week workshop series, South LA Small Business Entrepreneurship Program, was created in partnership with Coalition for Responsible Community Development, LIFT LA, and Small Business Majority. Participants attended "Shark Tank" and had an opportunity to pitch their business proposal to a panel of judges. Awards were given to the top 5 "Shark Tank" business ideas along with a check for \$750 to assist with the start-up of their business.

MONARCHS, ALL PEOPLES YOUTH CLUB

In 1965, the All Peoples Monarchs Youth Club was established under youth leader James Thomas when he and fellow peers were 15 & 16 years old. Today, the group members are in their mid-60s but the bonds established in their youth still remains. The group came together again in 1999 to thank their leaders James Thomas and Steve Thom, and have continued to meet annually to reconnect and talk about the growing up at All Peoples, stories, family, life, work and lessons learned. One of the memories which they all enjoyed was going to Camp Joe Ide. They have supported All Peoples Camp scholarships every year for more than 30 years.

BOARD CHAIR STATEMENT

On behalf of the Board of Directors, I want to thank you for your interest in All Peoples Community Center. We are privileged to serve this remarkable and durable organization, the very heart of its South LA community for 77 years, and are proud to present our 2018 Annual Report, highlighting our progress for last year, for 2019 as well, and our aspirations for the future.

Our core goals have been to extend effective, high-quality programs most desired by the community to as many people as possible, in the best environment possible, while ensuring the Center's financial health and continuity going forward.

So far, so good, and then some, thanks to our generous funders, our partner agencies, our hundreds of volunteers, and, of course, long-time Executive Director Sandra Bryant and her dedicated staff of 35 who work tirelessly and efficiently to deliver hope and opportunity to thousands.

We continue to be one of the top performing Family Source Centers, one of 16 funded and entrusted by the City of Los Angeles to improve educational and financial attainment in their surrounding neighborhood. After years of planning and negotiations, we launched our Community Farm in May, now providing healthy food, a welcome green space, and recreational, vocational, and educational activities right across the street from our location on E. 20th Street. Here, in the past year, we have added a new playground, computer lab, roof, HVAC, fiber access, and a soon-to-be-refurbished

gym floor to support the 15+ other programs we offer on a daily basis.

To help our hard-working staff do more with less, spend more time providing services rather than reporting on them, but still deliver the better, critical, accurate performance metrics that our funders require, we are implementing our first-ever Customer Relationship Management (CRM) software. The roll-out is going well and we look forward to adding modules down the road to support donor management and other key functions.

Equally important, we are no longer “the best kept secret in Los Angeles” thanks to an actively managed, mobile-optimized website that is continually refreshed with new content – including a wonderful new video from our partner Stage3 that captures the essence of All Peoples and the important work we have been doing for so many years. More and more people are finding us, and more and more of them are funding us.

Thank you all for sustaining this special organization with its special narrative, spanning several generations and neighborhood transformations from Japanese-American, to African-American, to Latino today. Thanks to you, All Peoples anchors an important corner of this great city, serving everyone who walks through the door.

Respectfully,

Seth Walworth

Board Chair

IN THE PAST YEAR, WE HAVE ADDED A NEW PLAYGROUND, COMPUTER LAB, ROOF, HVAC, FIBER ACCESS AND A SOON-TO-BE REFURBISHED GYM FLOOR.
